

Bumpa Chain – Basic Directions

Class exercise ring sizes:

- 16 AWG (1.29mm) 0.197” (5.0mm)
- 16 AWG (1.29mm) 0.313” (7.9mm)

1. Close two large rings, close a plain small ring through the pair of large rings, and add a tail wire to the small ring.

2. Close a green small ring through the pair of large rings on the working end of the chain.

3. Open large ring, insert it between the two large rings on the working end of the chain capturing the green small ring, and close it.

4. Close two large rings, one on each side of the large ring from the previous step, through the green small ring.

5. Close a green small ring through the pair of large rings on the working end of the chain.

6. Open a red small ring, pass it through the last two pairs of large rings, but not through the single large ring between them, and close it. If this is not the first red small ring in the chain, make sure it is on the opposite side of the chain as the previous red small ring.

7. Repeat steps 3 through 6 until complete.
