

## Celtic Doublet – Basic Directions

The Celtic Doublet is a 2 strand variant of the Parallel Chain (a.k.a. Helm Chain).

Prerequisite: Parallel Chain (a.k.a. Helm Chain)

Similar weaves: Conundrum Chain

Class exercise ring sizes:

- 18 gauge (1.02mm) 0.141" (3.6mm)
- 18 gauge (1.02mm) 0.234" (6.0mm)
- 18 gauge (1.02mm) 0.125" (3.2mm)

1. Make two lengths of Parallel Chain the same length using the large and middle sized jump rings. Refer to the Parallel Chain – Basic Directions on the last page.

2. Starting at one end, connect the two lengths of Parallel Chain together using the small jump rings. Shift one of the chains slightly and connect a pair of rings in one chain to a single ring in the other, as shown by the red rings.

3. Continue connecting the chains until complete.

## Parallel Chain – Basic Directions

a.k.a. Helm Chain

Class exercise ring sizes:

- 18 gauge (1.02mm) 0.141" (3.6mm)
- 18 gauge (1.02mm) 0.234" (6.0mm)

1. Close two small rings and put them on a tail wire. Close two large rings through the two small rings.

2. Close two small rings through the two large rings.

3. Close a large ring between the two large rings and around the last two small rings added.

4. Close two large rings, one on each side of the large ring from step 3, through the last two small rings.

5. Close two small rings through the two large rings from step 4.

6. Repeat steps 3 through 5 until complete.
