

## Japanese 12-in-2 Variant Chain Maille – Basic Directions

Class exercise ring sizes:

- 16 AWG (1.29mm) 0.250" (6.4mm)
- 18 AWG (1.02mm) 0.156" (4.0mm)

In this variation of the Japanese 12-in-2 Chain Maille the horizontal rings are not large enough to accept 12 rings.

1. Close the large jump ring, and attach a tail wire. Add six jump rings to the starting ring.

2. Attach four jump rings, two through each set of three from the previous step.

3. Attach six jump rings, three through each pair of rings from the previous step.

4. Attach six jump rings, two through each pair of rings from the previous step.

5. Connect these three pairs of rings from the previous step together using four jump rings, two for each connected pair.

6. Attach six jump rings, two through each of the three pairs from step 4.

7. Attach four jump rings, two each through the two sets of three rings from the previous step.

8. Repeat steps 3 through 7 until finished.
