

Ocean Waves – Basic Directions

Class exercise ring sizes:

- 16 gauge (1.29mm) 0.172” (4.4mm)
- 16 gauge (1.29mm) 0.313” (7.9mm)

1. Close two of the large plain jump rings and put them on a tail wire.
2. Open and close three of the small plain jump rings through the two large rings from the previous step.
3. Open a large plain jump ring and pass it through the three small rings and the two large rings from the two previous steps. Close it.
4. Open another large jump ring and pass it through the three small rings and the two large rings parallel to the large ring from the previous step. Close it.
5. Open a large blue jump ring and pass it through both pairs of large plain rings so that it is perpendicular to the three small plain rings. Close it.
6. If the chain is the desired length, go to the last step.

Otherwise, if the chain is not yet the desired length, open two large plain jump rings and pass them through the last pair of large plain rings, close them, and repeat steps 2 through 6 until the chain is the desired length.

7. When the chain is the desired length, quit.
