

Orbital Vipera Berus Chain – Basic Directions

Similar weaves: Viper Basket, Vipera Berus, Vipera Berus Doubled

Class exercise ring size:

- 16 AWG (1.29mm) - ID 0.172" (4.4mm)
- 16 AWG (1.29mm) - ID 0.281" (7.1mm)

Note: The small jump rings must fit inside the large jump rings.

1. Build a Cable chain using the small jump rings.

2. Add a large jump ring to the 1st and 3rd rings in the Cable chain.

3. Add a large jump ring to the 2nd and 4th rings in the chain on top of the previous large ring.

4. Add a large jump ring to the 3rd and 5th rings in the chain on top of the previous large ring.

5. Continue adding large jump rings in a similar manner, i.e. 4th and 6th, 5th and 7th, etc. until done.
