

Round Chain – Basic Directions

a.k.a. Foxtail Chain, Full Persian Chain, Persian 6-1 Chain

Aspect ratio: 5.4

Class exercise ring size:

- 18 AWG (1.02mm) 0.219" (5.6mm)

1. Close 2 green rings. Close 2 red rings through the two green rings. Add a tail wire through all four rings.

2. Insert a needle between the red rings and pick up the green rings from the inside.

3. Close two red rings through the hole where the needle was in the previous step.

Note: In the Round Chain pattern red rings never go through red rings, and green rings never go through green rings.

4. Rotate the chain until the red rings are facing you and close a green ring through the two pairs of red rings.

5. Close a second green ring through the same two pairs of red rings, but on the other side of the chain.

6. Insert a needle between the previous pair of red rings and pick up the pair of green rings from the inside.

7. Close two red rings through the hole where the needle was in the previous step.

8. Rotate the chain until you see a green “V” pointing to the working end of the chain and close two green rings through the two pairs of red rings, one on each side of the chain.

Hold the chain up by the tail wire and inspect all four sides to verify the pattern.

9. Repeat steps 6 through 8 until the desired length is reached.
